

LIQUID TRANSFER & CLEAN-UP SYSTEMS

Ideally suited for recovering a wide variety of wet materials such as: coolants, hydraulic oils, non-flammable liquids, sludge and wet chips, waste water.

- Collects high viscosity liquids with efficiency
- Transforms an ordinary 205L drum into a powerful liquid vacuum cleaner; a simple two-way air control valve and 80-100 PSI air pressure allows pumping to a sealed drum
- Larger tank (205L) capacity than industrial shop vacuums
- Safe in wet areas, no electricity; eliminates the risk of electric shocks often associated with electric pumps
- Eliminates double handling of toxic materials and emptying of vacuum container
- Eliminates need for cloth and granular absorbents and their disposal problems
- Easy to clean; the pump can be completely disassembled
- Easily switches from vacuum mode, filling the container, to empty mode by turning the dial on top of the unit
- Instant On/Off control from air valve
- Automatic float valve to prevent overfilling
- Includes: pump unit, 10' vacuum hose with tapered PVC couplings, tapered PVC drum adaptor, extension tubes, crevice tool, skimmer tool, and squeegee
- Drum not included

Model No TG142 Vacuum and transfer system

GUNVAC® DELUXE VACUUM KIT

- Rugged, all metal construction
- Contoured comfort grip
- Convenient hanging eyelet
- High filtration collection bag with zipper
- 5 piece plastic accessory kit included
- 1/4" FNPT bottom and rear inlets
- Air Consumption: 78 CFM
- Air Inlet: 1/4" NPTF
- Min. Compressor Required: 6.4 HP
- Dimensions (L x W x H): 30.5" x 8" x 1.5"
- Weight: 1.8 lbs.

Model No. TYK117
Mfg. No. 1510

GUARDAIR®

GUNVAC® VACUUM GUN KITS

- Powerful and quiet
- Unique Venturi Jet creates a powerful vortex which multiplies input air flow more than 12-fold
- Lightweight, easy to use with comfortable grip
- Safe and efficient-no need for electricity
- Reusable collector bag with rear deflector to extend bag's lifespan
- 1/4 (F) NPT inlet and working pressure 60 to 125 PSI
- Includes: reusable collector bag, 40 cm flexible hose, dust brush, crevice tool

Model No. TG151
Mfg. No. 67.050

GUNVAC® VACUUM UNITS

The most powerful pneumatic GunVac® available and it handles like a blow gun. Vacuums metal chips, debris, sawdust, pellets, trimmings, and crumbs instead of blowing them. Sumps can be drained by removing the bag and connecting vac to a drum with a hose. It has no electrical fields or wires. Kit comes complete with 9" crevice tool. Constructed of rugged aluminum, it has a 1/4" NPT inlet and operates at 80-160 PSI. Tapered vacuum inlet accepts all standard 1-1/4" vac accessories.

FLEXIBLE GUNVAC® VACUUM

- Rugged, all metal construction
- Contoured comfort grip
- Convenient hanging eyelet
- High filtration collection bag with zipper
- 8" x 1-5/16" O.D. flexible metal extension
- 1/4" FNPT bottom and rear inlets
- Air Consumption: 78 CFM
- Air Inlet: 1/4" NPTF
- Min. Compressor Required: 6.4 HP
- Dimensions (L x W x H): 30.5" x 8" x 1.5"
- Weight: 2.2 lbs.
